PRAEMONITVM

Praeter indicem auctorum tertii libri Ioanpei quartique in animo habui simul edere Photiani codicis auctorum catalogos, dein initia eclogarum componere consulentibus opus quasi tessellatum haud dubie utilia et ipsa. nunc cur uno me indice contineam, quis facile sibi ipse dicit. sed ne hunc quidem publicare mihi licuisset, nisi Ernesti Vollert bibliopolae honestissimi benevolentia mihi praesto fuisset ac societas litterarum nostra Friburgensis alteraque illa, quae ad sublevandas Germanorum litteras nostra aetate laborantes constituta est, impendiorum impedimenta quae erant liberaliter imminuissent. gratias his ago omnibus sincere. meum autem cum esset brevitati indicis, quantum id salva perspicuitate et integritate fieri poterat, quam maxime prospicere, bene accidit quod duo collegae Monacenses mihi cari, Paulus Wolters et Eduardus Schwartz, consilio suo me adiuverunt circumspecto ac prudenti. rationem, quam secutus sum, hic exponere necessarium non puto, puto enim ei, qui unum alterumve indicis membrum paulo accuratius inspexerit, viam quam inii in aperto fore. hoc unum addo: de lemmatis Stobaei si quis iudicare volet, relegat quaeso etiam ea, quibus quaestionem hanc satis difficilem illustrare nuper studuimus *RE IX*.
